## Pre K 4 News

### Writing

With a full week of review behind us we are ready to introduce the next set of letters to your children. Between now and Christmas break we will be focusing on Dd for dog, Ff for fish, Oo for ocean, and Cc for Christmas!

From puppets to cards, and preparing for the Christ's birth, we will create cute keepsakes to help them remember the letters we introduce.

### Reading

Thanksgiving is the focus for next week. God gives us many things to be thankful for. And what better way to help children understand the meaning of thanksgiving then by reading books about people who are thankful! The books will emphasize ways to be thankful and the abundance of gifts that God provides for us, including, fruits, vegetables, and of course His ultimate gift, His Son, Our Lord and Saviour, Jesus Christ!

**"Happiness is something that comes into our lives through doors we don't even remember leaving open."**

**Rose Lane**

### Math and Science

Not only have we been counting numbers and objects, but we have been writing the numbers as well. Which can be tricky business for a 4-year old because their fine motor skills are still developing. However, your children are hardworkers and task masters and doing a great job!

In addition to writing the numbers we are still counting and working on putting the numbers 1-20 in numerical order. This helps them with number recognition and teaches them that there is an order to things.

### General

### **THANKSGIVING BRUNCH POT LUCK!**

**Wednesday, November 24, 2010**

Don't forget to look at your flyer so you know what to bring!

Upcoming Field Trips:

**Charles Dickens'**

**A CHRISTMAS CAROL**

**Tuesday, December 7, 2010**

**"We turn not older with years, but newer every day." Emily Dickinson**
